

PUBLIC OPEN HOUSE

The Town of Wilton invites the community to participate in the first public open house for the Carr Road & Jones Road Traffic & Connectivity Improvements project. The public is welcome to come at any point during the open house; there will be no formal presentation.

The project aims to improve the intersections of Northern Pines Road / Carr Road and Carr Road / Jones Road, as well as the bicycle and pedestrian infrastructure along these corridors. The purpose of this open house is to share the proposed improvements and gather input from the community.

Come to learn about the project and share your thoughts with us!

November 18, 2024

6:00 - 7:30 PM
